WHAT IS THE TAX CREDIT?

The Manitoba Film & Video Production Cost-of-Salaries Tax Credit was announced in 1997, and provides production companies with a 45% fully refundable corporate income tax credit based on eligible Manitoba labour expenses.

WHO CAN APPLY?

Applicants must have a permanent establishment (as defined in the Income Tax Act) in Manitoba, be incorporated in Canada (either federally or provincially), and must be a taxable Canadian corporation primarily carrying on a business that is a film or video production. A minimum 25% of the corporation's T4 Summary must be paid to eligible Manitoba employees for work performed in Manitoba (excluding documentaries).

ARE THERE CONTENT REQUIREMENTS?

There are no Canada or Manitoba content requirements.

WHAT PROJECTS ARE ELIGIBLE TO APPLY?

Eligible projects include fully financed television movies, documentaries, feature films, dramatic series, variety, multimedia, animation, children's programming, music programming and informational series, as well as digital and CD-ROM production.

WHAT IF I NEED TO BRING IN A CREW?

Where a non-resident is hired due to lack of available, willing and/or qualified Manitoba crew, his/her salary may be deemed an eligible labour expenditure provided that at least one Manitoba resident receives training on the production for each non-resident being deemed.

IS THERE A CAP ON DEEMED SALARIES?

Yes, there is a cap. This cap is determined based on the amount of eligible Manitoba labour expenditures. Deemed salaries will be capped at 30% (10%) of total eligible Manitoba salaries provided that at least two (one) Manitoba residents are trained per non-resident.

WHAT ABOUT SHARE OWNERSHIP?

Outside share ownership of the applicant company does not affect the ability to claim the credit.

WHAT ABOUT CO-PRODUCTIONS?

The Manitoba Cost-of-Salaries Tax Credit was designed to encourage outside collaboration with non-Manitoba producers.

WHAT ABOUT COPYRIGHT/CORPORATE CAPS?

No copyright ownership is required and there are no corporate caps regarding the number of applications or the amount of tax credit available.

WHAT IF I HAVE TO FILM OUTSIDE OF MANITOBA?

As this credit is labour based, filming outside of the province is allowable within the spirit and intent of the Act, recognizing that certain productions require shooting outside Manitoba.

WHAT ABOUT THE FEDERAL TAX CREDIT?

The Manitoba Cost-of-Salaries Tax Credit is compatible with the Canadian Film or Video Production Tax Credit (CPTC) and the Film or Video Production Services Tax Credit (PSTC), which are administered through the Canadian Audio-Visual Certification Office (CAVCO).
